Autumn 2024

Für kaufmännische, akademische
und außer tariflich Beschäftigte.

Are you an English-speaking employee working in Germany? For example, you work here as part of an international team or as part of a global project? Then it is important for you to know what rights you have as an employee in Germany!

This is especially true in the following situations:

Payment – how is that regulated?

Vacation, childcare, working hours

– what do I have to pay attention to?

Sickness – what happens if I get sick?

Safety at work – what I need to know!

What applies to me and how – laws, collective agreement, company agreement and employment contract!

As the trade union IG BCE, we are happy to help you with these questions. That is why we are offering you our three-part online workshop **»Your Labour rights – what you need to know in Germany«** this autumn. The three events build on each other, but can also be attended individually.

And the participation is free! Just have a look at the overview on the next page!
